Hal Roseman, MD, MPH, FACC

Dear Patient,

I am looking forward to seeing you again and trust that the office visit will be useful in meeting your health goals and life aspirations. As you know, this visit is intended to continue the evaluation and treatment of the clinical problems identified in the prior visits. Please be prepared to spend approximately one hour for this visit.

In order to facilitate the visit, I request you to:

- Bring all medications that you are currently taking
- Bring any additional medical records that you have in your possession
- Fill out "Follow-up Patient" Form
- Review our privacy statement and make changes in your previously signed "Disclosure Notice" that instructs us how to communicate information without violating your privacy rights.
- Update the "Patient Information" form, which provides demographic and insurance information, if any changes have occurred in your situation.
- If using insurance, please bring your current insurance card

[Please note that all of this information is available at [www.cardiologywellness.net](http://www.cardiologywellness.net).]

I know this is a significant amount of paperwork but necessary given the medical insurance environment in which we operate.

I look forward to seeing you.

Best of health,

Hal Roseman, MD, MPH, FACC, FACP
